Additional Tips/Instructions For Filling Out A Release of Information Form

A

- Include the Patient's name *and* date of birth.
- One or both of these lines must be checked to indicate if Pine Rest is releasing records, requesting records, or doing both.
- The name of the person/organization that the Release of Information is being filled out for.
  —only 1 person/organization per release
  —include as much contact information as you are able to provide (address, phone number, fax number)

B

- Specify the purpose of the release. For example: Coordination of care, two-way communication, billing/scheduling, insurance/disability benefits, etc…

C

- The "from" and "to" dates are to indicate the time period of the records that are to be released.
- The first date ("from") should be a specific date.
- The second date ("to") can be a specific date or a condition/event. Some examples are:
  6/30/2014—can be a date in the future.
  5/31/2011—can be a date in the past
  Closure of current episode of care (for instances when you want the release to be valid for the entire time you are an active patient.)
- Using the term *"Present"* as your end date will equate with the date that the release was signed. For example: Services provided date range of *8/19/13* to *Present* with a release signed on 9/1/13 would mean records could be released from 8/19/13 to 9/1/13. Any records after 9/1/13 would not be able to be accessed with this release.
- At least 1 box must be ✓'d to indicate what information can be released.

D

- Unless specified otherwise, the release itself will be valid for 1 year. Note: this does NOT relate to the timeframe of the records that are being released or the communications that are occurring—that is covered in section C above.
- A time shorter or longer than 1 year can be specified. This can be a date *(12/31/2013)*, event or condition *(end of 2013/2014 school year* or *closure of current episode of care)*.
- If you want the release to be valid for the entire time you are a patient, this line should read *closure of current episode of care.* If you want the release to extend for a time period after your case is closed, you could instead write *60 days after closure of current episode of care*—you can choose any # of days.

E

- The release must be signed/dated by the patient or a parent/guardian for a patient 17 and younger.
- The release should be witnessed by any adult who is 18 or older.
